

# The End of Alzheimer's Starts Here

We are walking to reclaim the future for millions. By supporting the 2011 Alzheimer's Association Walk to End Alzheimer's, you will help to raise awareness and funds for Alzheimer research, care and support.

Currently, more than 5 million Americans have Alzheimer's and that number is expected to grow to as many as 16 million by 2050. Our future is at risk unless we can find a way to change the course of this disease.

Please make a donation to help the Alzheimer's Association advance research into prevention, treatments and a cure for Alzheimer's. For the millions already affected by the disease, the Association offers care, education, support and resources in communities nationwide.

Thank you for joining Weiner Benefits Group in our movement. The end of Alzheimer's starts here.

Please go to the following website to either donate or to join us on our walk on October 22nd at the Tubman-Garrett Park on the Wilmington Riverfront.
